West Leyden Rd RDA

Site visit: saw logs where wetland was driven on
Flags somewhat visible
Plan to build 3 properties
Frontage incl part of the wetland, but that's not an issue. However, access driveway must be outside the buffer
Also access for logging can no longer cross the wetland
Wetlands are marked on the property
Need Evan to advise on remediation for wet crossing, will involve planting
Will schedule conference call or special meeting ASAP

Next meeting date Nov. 18

Adjourned
